

# ARTHUR BITENCOURT

## Fullstack Developer

### Resume:

My name is Arthur Bitencourt Vieira Silva, I am 17 years old, and I am passionate about programming. I recently finished secondary school, and next year I will start studying Computer Engineering at university. Over the past 16 months, I have studied HTML, CSS, JavaScript, React, Node, and Next, focusing on Next and React, and I am currently developing two practical projects. I am preparing for my first opportunity in the programming field and I am committed to continuously improving my skills.

### Experiences:

#### Freelancer - SEPT TO NOV 2025

In Hotel Rate, I am working as a freelance developer, using all the skills I know to assist with the project. The project is an innovative hotel room booking platform. This initiative aims to optimize the booking process, providing travelers with a seamless and intuitive experience.

### Professional Trainings:

#### Fullstack Course - FEV TO SET 2024

Fullstack development training created by senior programmer Thiago Medeiros, aimed at preparing for the job market. In this course, I gained knowledge of HTML, CSS, JavaScript, React, Node, Next, MongoDB, Material UI, styled components, among other tools.

- In addition to my training, I developed several projects, some of which are available on my GitHub.

#### Hardware Course - FEV 2022

Hardware course developed by the TecnoArt channel that aims to teach about PC components, how to assemble one, and how to perform maintenance.
